

**The Taunton River
Wild and Scenic River Study
Outstanding Resource Values**

History & Archaeology

- 1/2 Mile (each side) Buffer Study Area for Taunton
- Buffer for Significant Tribs
- Rivers/Streams
- Lakes/Ponds
- Major Roads
- Study Area Towns
- Surrounding Towns
- R.I. Towns
- State Register of Historic Places
- State Register of Historic locations
- Archaeologically Significant Areas

Goals of the Study

- "To understand and preserve the Upper Taunton River corridor as an intact river ecosystem and regional resource.
- "To develop a strong coalition of municipalities, citizens, non-profits, and agencies for planning and implementing public education, land-use, recreation and conservation strategies for the Upper Taunton River.
- "To secure a designation for the Upper Taunton River as a National Wild and Scenic River.

Map Prepared by
SRPEDO
May 2004

This map was produced by SRPEDO (Executive Regional Planning and Economic Development District Taunton, MA). Portions of the vector digital data may have been supplied by the Massachusetts Executive Office of Environmental Affairs, Massachusetts Division of Marine Fisheries, Division of Fisheries & Wildlife, USGS, State Conservation Service, Coastal Zone Management, National Oceanic & Atmospheric Administration (NOAA), the Whitehall Trust, and the Taunton River Wild and Scenic River Study Committee.

The location of historic landmarks shown on this map are approximate and are provided for reference purposes only. This map is not intended for legal, engineering or survey purposes.

The funding for this project was provided by the National Park Service, National Wild and Scenic Rivers Program. For further information, please contact Janet Peabody, National Park Service, mailaddress: jpeabody@nps.gov

The Upper Taunton River, the focus of the Wild and Scenic River Study, flows for 22-1/2 miles from the confluence of the Town and Matfield Rivers in the Town of Bridgewater and continues through the Towns of Halifax, Middleborough and the City of Taunton to the confluence of the Forge River in the Town of Raynham.
